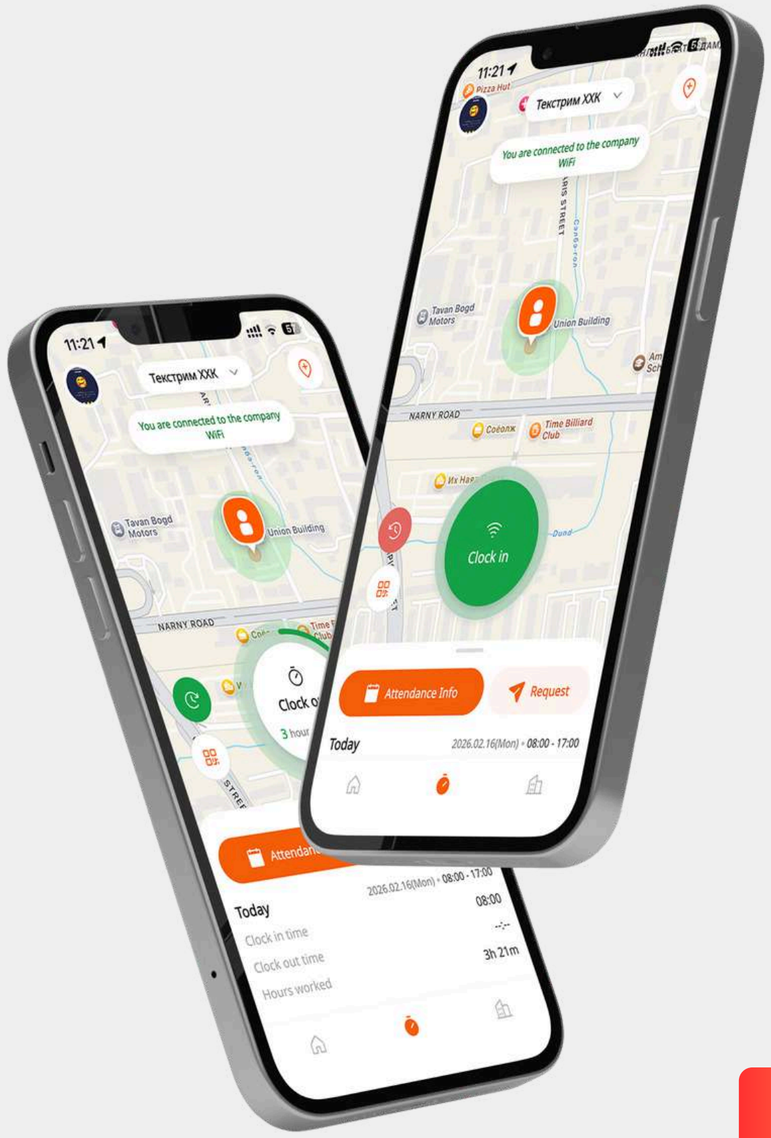
What is Timely.mn?

Timely is a smart time attendance platform that fully automates HR and attendance processes. It replaces traditional methods of timekeeping without requiring additional devices.

Employees can clock in/out directly via the Timely app, making the interaction between employees and organizations faster, simpler, and more effective.



Benefits for Organizations

- Attendance Summary Report
- Clock in from multiple locations
- Multiple types of requests
- Add departments and divisions
- Payroll Calculation
- Location Tracker
- Send appreciation, feedback, and complaints
- Employee Registration

Benefits for Employees

- Convenient Time Attendance
- View Work Schedule
- Submit Attendance Request
- Send appreciation and greetings
- Monitor your own attendance records
- View payroll information
- Receive news and notifications instantly
- Participate in surveys, submit requests, and take tests
